

LAKE MANYARA

The Lake Manyara National Park is one of Tanzania's most dramatically located African wildlife areas, consisting of a massive but shallow soda lake (covering two-thirds of the park) at the foot of the Great Rift Valley's western escarpment. The park's varied habitat attracts a wide variety of animals, including one of Africa's densely populated African elephants' herds, Lake Manyara's famous tree-climbing lions, as well as large flocks of flamingos, attracted by the algae in the lake. After breakfast you are met by our professional tour guide/driver, who will deliver a short safari info briefing, after which we travel west to the Great Rift Valley and the Lake Manyara National Park. We will travel through the agricultural and fresh produce market town of Mto wa Mbu, which is situated next to the entrance of the Lake Manyara National Park. The town is a souvenir hunters paradise, harboring thousands souvenir salesmen – ready to pounce at your slightest invitation. We will enjoy a picnic lunch inside the park and do two exciting morning and afternoon game drives, in search of the tree-climbing lions. Late afternoon we depart for Arusha from Lake Manyara where we will end our safari adventure. You will be taken to your hotel, which ends our tour packages services.

TARANGIRE

A trip to Arusha is not complete without a visit to Tarangire National Park, one of the largest in the region. Spend a day exploring this destination, home to a wide variety of wildlife, The park runs along the line of the Tarangire River and is mainly made up of low-lying hills on the Great Rift Valley floor. Its natural vegetation mainly consists of Acacia woodland and giant African Baobab trees, with huge swamp areas in the south. Both the river and the swamps act like a magnet for wild animals, during Tanzania's dry season. The Tarangire National Park is reputed to contain some of the largest elephant herds in Africa.
